Subject: Notice of File Closure, Old Mayflower Complex Mine, S/049/013, Utah
County, Utah

Dear Mr. Berry:

The J&J Stone Quarry small mining permit, file number S/049/013, located in Utah County, Utah, will now be closed and the file retired.

As discussed with you, and supported by documents within the Division's file, the only post-law disturbance created was reclaimed in 1994 (an exploration drilling program). All other disturbances on site are considered historic (pre-1976) and have not been re-affected by you. Therefore, it was determined that the site can be fully released.

The Division hereby releases you from further reclamation responsibility at this site. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice and surety for approval prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5258 or Lynn Kunzler at (801) 538-5310. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,
